

REGION 5 REGIONAL RESPONSE TEAM
TABLE OF CHANGES FOR RCP/ACP

Change Number	Section	Description of Change	Date	Initials
1	Throughout Plan	The term "ICP" when being used as acronym for "Integrated Contingency Plan" is replaced with "RCP/ACP" to maintain consistency in the plan		
2	Appendices	Renumbering of Appendices. Acronyms and Definitions moves to Appendix II. Following Appendices shift in number.		
3	2.7	Language modified in Notifications that include local and tribal notification by U.S. EPA and USCG when they are first notified of the release. Notification will also be made to potentially affected bordering EPA Regions, USCG Sectors, and Canadian Provinces.		
4	3.2.3	RRT 5 has authorized the use of oil spill solidifiers when contained within socks, booms and pillows. Language in this section has been updated to reflect this preapproval.		
5	Appendix VIII	Add Appendix VIII which is documentation for RRT 5's pre-approval documents for use of solidifiers in Region 5.		
6	Appendix VI	Update In-Situ Burn Appendix to include two additional documents from API. Field Operations Guide for In-Situ Burning of Inland Oil Spills-Technical Document and Field Operations Guide for In-Situ Burning of On-Water Oil Spills (The two additional documents will be added to Appendix V)
